(top) Congratulations to the 2006 Cruise Night Winners Charlie and Barbara Boucher from Washington, CT. Their winning vehicle is a 1929 Ford Model A Pick-Up Street Rod. Thank you to all of the Cruise Night participants who braved the rain to show their vehicles.

(above and right) It was a Saturday to remember when Folk music legend Richie Havens took to the Main Stage. Half-way through his performance, the torrential rains began. Richie continued on despite the rains, inviting everyone to come under the tent and join him, while he continued with an inspirational performance. He closed the show with a prayer for the rain to end, and shortly thereafter, the storm cleared. Many fairgoers referred to the show as a "Woodstock-like" experience.
