Marge Bernhardt, State Lecturer 424 Cedar Lane, Cheshire, CT 06410 Phone: (203) 272-4620 e-mail: <u>mbcb76@cox.net</u>

Congratulations....

Yes, congratulations. If you are receiving this it means you have been either elected or re-elected as Lecturer of your Grange. This can be a fun and rewarding job, but it also carries with it a lot of responsibilities. A Lecturer can make or break a Grange. I know we have a lot of talented Lecturers out there. Please use your talents to help our Granges grow. And remember, if you ever need help I am as close as your phone, computer or mail box. Please do not hesitate to ask.

I hope that you have received this information in a timely manner from your Pomona Lecturer. I know that you are planning ahead to next years' activities, so I will review what is left to do this year and share with you some of what will be happening during the 2010-11 Grange year. Eight out of ten Pomona Lecturers or their representatives met in March to discuss what is working and what is not. These people are very helpful in planning activities. If there is something you think should be changed, please let me or one of them know. Nothing is carved in stone and we want your ideas.

Things left to do this year (2010)

Complete Programs Should be mailed to me by October 1st. Remember these have to be presented at your Grange before you can submit them. This years' theme is "As American As Apple Pie." I have already received a few and they look real good.

Essay Contest. What does the Grange mean to you? Why not have your members write these as part of your program one meeting. A reminder, these can be up to 100 words. These also have to be to me by October 1st.

Don't forget it is the **125th Anniversary of the CT State Grange.** Hopefully by now you have had at least 4 of the 5 required numbers on the history of the Connecticut State Grange. If not, see what you can do and remember you need a total of five for the year.

New report forms for **Should Auld Acquaintance** were sent out with the May-June newsletter and extras which will be good both this year and next are included in this packet. This program was started over 40 years ago by Rita Whipple and through it Grangers in CT have brought cheer into the lives of thousands of residents of convalescent and rest homes. I hope you will keep up the good work.

The report form for the **Honor Lecturer and Lecturer's Appreciation Awards** will be mailed with your next newsletter on September 1st.

LET'S CELEBRATE will be held this year on July 24th at Cheshire Grange Hall. Several committees are working together to make this a great day for all. CWA contests will be on display for all to see. With the change of location there should be plenty of room for everything to be seen at its' best. Our **Photo Contest** will be a part of the show. The doors will open at 11:00 a.m. Our Juniors will be serving a meatloaf dinner from 12:00 noon until 1:30 p.m. Cost of the dinner will be only \$8.00 per person. Sounds like a good deal to me. Entertainment will be by "The Silk City Four, a Barbershop Quartet from Manchester. This part of the day will begin promptly at 2:00 p.m. We will also **CELEBRATE** New Orleans style. If you have never been to Mardi Gras, be sure and come and catch your very own beads.

If you are entering in the CWA contests, Lecturer's Photo Contest or any of the other committee contests your entries must be brought to the hall between 9:00 and 11:00 on Friday, July 23rd. This is new this year, but will enable everything to be set up and ready for judging and display before the hall is opened on Saturday. In the case of the photos, they can be mailed to me or brought to the State Office in Glastonbury a few days ahead of time.

And now for 2011....

The Talent Contest will have the same rules in 2011 as this year. The State Grange Lecturers Travel Fund will provide money toward the Northeast Competition which will be held at Lecturers Conference in August 2011 equal to the cost of one person's expenses to the Lecturers Association. If more than one person is involved, the money will be divided equally among the group. The conference is scheduled for Massachusetts in 2011.

The "A Number" Contest will again have the theme "The Great Outdoors".

Should Auld Acquaintance and A Word from Home will remain the same.

Our Essay Contest will be 100 words or less entitled "The Grange – Then and Now".

Our **Complete Programs** will be entitled **"When He Was President"** and may be on any President except George Washington and Abraham Lincoln. Remember you have to put this on at Grange, so why not schedule it now before our program books go to print. It would make a great program for February.

Photo Contest – Our rules and categories will remain basically the same. The big difference (one I am thrilled to be able to tell you about) is that we will now choose a **Best of Show** from our First Place Winners. This photo will now go on to **National for Judging**. First prize at National will be \$100; 2nd prize is \$75 and 3rd will be \$50. Remember this is for 2011. So any picture taken after July 24 will be eligible. We will have to change the size requirements to qualify. Most of those we get would be fine. Full details will be sent and put in the Granger when the new year begins.

Any questions??? Be sure and ask!!! I hope that I have been of help to you.Marge

FARMER JOHN'S CHICKS with Thanks to Senexet Grange

Farmer John Lived on a quiet rural highway. But, as time went by, the traffic slowly built up at an alarming rate. The traffic was so heavy and so fast that his chickens were being run over at a rate of three to six times a day.

So, one day Farmer John called the sheriff's office and said, "You've got to do something about all of these people driving so fast and killing all of my chickens.

"What do you want me to do?" asked the sheriff. "I don't care, just do something about those crazy drivers!" So the next day he had the county workers go out and erect a sign that said: SLOW – SCHOOL CROSSING.

Three days later Farmer John called the sheriff and said, "You've got to do something about these drivers. The school crossing sign seems to make them go even faster." So, again, the sheriff sends out the county workers and they put up a new sign reading: SLOW – CHILDREN AT PLAY.

That really sped them up. So Farmer John called and called and called every day for three weeks. Finally he asked the sheriff, "Your signs are doing no good. Can I put up my own sign?" The sheriff told him, "Sure thing, put up your own sign." He was going to let Farmer John do just about anything in order to get him to stop calling everyday to complain.

The sheriff got no more calls from Farmer John. Three weeks later, curiosity got the best of the sheriff and he decided to give Farmer John a call. "How's the problem with those drivers. Did you put up your sign?" "Oh, I sure did. And not one chicken has been killed since then. I've got to go. I'm very busy." He hung up the phone.

The sheriff was really curious now and he thought to himself, "I'd better go out there and take a look at that sign... It might be something that we could use to slow down drivers..." So the sheriff drove out to Farmer John's house, and his jaw dropped the moment he saw the sign. It was spray-painted on a sheet of wood: NUDIST COLONY - Go slow and watch out for chicks!!

THE MAGIC OF AMERICA By Dan Valentine

America is many things... It's a mood, a state of mind, a philosophy...

America is a brisk wind from the Atlantic Ocean, a soft breeze from the Pacific...

America is a mountain peak in Colorado, the Mississippi River, a snow storm in Montana, the hot July sun on the wheat fields of Kansas...

America is a small town, with one streetlight.

America is a big town with concrete canyons of skyscrapers.

America has broad shoulders, and a cocky grin and nervous feet that want to keep moving.

America is restless. It moves, It churns, It was born in rebellion. America thrives on hope. It is a second-chance nation where every man has the right to dream a new dream.

America is a place where losers can become winners, where the poor can become rich, where the ignorant can become educated, where the ill can become healthy and where the lost can be found.

America is laughter, the hearty grin of a man building a bridge, the giggle of school girls and the happy shouts of boys at play.

America is music. It is the hoe-down fiddle at a country dance, a great symphony playing in a giant hall, or the Yankee Doodle tune of a New England town band on the Fourth of July.

America is many things: The right to attend church, the right not to attend church. The right to speak up, the right to keep quiet ... the right to join the crowd, and the right to walk alone.

The ghosts of giant heroes walk the halls of America's memory: Patrick Henry, Davy Crocket, Nathan Hale, John Paul Jones, Ben Franklin and Washington, Lincoln and Jefferson.

America is Thomas Edison and Walt Whitman and Charles Lindbergh and Babe Ruth and Bing Crosby and Willie Mays.

America is The Mayflower, The Boston Tea Party, Bunker Hill, Valley Forge, Gettysburg, The Alamo, The Battle of the Marne, Guadalcanal, Okinawa and Omaha Beach.

America is a magic mixture of all the people of the world... English, Scots and Germans pushing back the wilderness... Italians, Dutch and Swedes walking across the plains to a new tomorrow... Jews, Poles and the French blending together to make a dream come true... People of all races and creeds working together to create a nation.

America is many things... The Statue of Liberty, Mount Rushmore, Freeways, Yankee Stadium and Yellowstone Park.

America is a traffic jam, an election day, a town meeting, a Little League baseball game, a junior prom, a Labor Day parade and a trip to the moon.

America is many things... a mood, a state of mind and a philosophy. America is a red, white and blue tomorrow for all men who hold the hope of freedom in their hearts...
